transform lives

What we'll cover

smirthwaite
Together we
transform lives

A relaxed, practical session built around the questions therapists ask when prescribing Asiento.

1

Pelvic positioning

Why the pelvis comes first, and how hip pads, sacral pad and 4-point pelvic belt work together.

2

Choosing the right seat

When to use the Ramped, Contoured or Flat cushion.

3

Building support around the person

Trunk, head and lower-limb options, set up for the individual.

4

Practical set-up

Handwheel adjustments, quiet hi-lo, the universal tray and easy re-issue.

5

Planning for growth

Size 3 for teenagers and young adults, supporting users up to 120 kg.

IDEAL FOR

Occupational therapists

Physiotherapists

School & care teams

Take it with you

Every attendee gets our Asiento seat cushion selection guide to keep.

Book your session
