

FOR EXISTING ASIEN TO CHAIRS

Upgrade the seat, not the chair

The three new seat cushions give chairs already in service a fresh start, for the same user or the next.

Respond to changing needs

Update the support as posture, tone or activity changes.

Re-issue with confidence

Swap the seat to suit the next user after decontamination.

Make budgets go further

Change one part, keep the chair and reduce waste.

smirthwaite
Together we
transform lives

Upgrading is simple

If the seat no longer matches how the person sits, change the cushion and keep the chair.

1

Review the user

Has posture, tone or activity changed since the chair was issued?

2

Choose the seat

Use our cushion selection guide to match Ramped, Contoured or Flat.

3

Talk to our team

We will confirm the right cushion for your chair and help with fitting.

THE THREE SEATS

Ramped

Holds the pelvis

Contoured

Supports the lower limbs

Flat

Freedom to move

IDEAL FOR

Equipment stores

Schools & colleges

Therapy teams

Cushion compatibility depends on chair size and specification.
Our team will confirm before you order.
