supporting children and
their families **for life**

welcome

Since 1986, Smirthwaite has developed and retained its reputation as one of the leading designers and manufacturers of bespoke special needs equipment. In that time, we have dedicated ourselves to finding and providing effective solutions that offer significant benefits to babies, children and young adults in their daily lives. Working closely with children, parents, carers and therapists, we have developed an innovative and comprehensive range of seating, standing, tables, desks, toileting, bathing, changing, showering, moving & handling, sleeping, therapy and sensory products.

Desks & tables

Our wide range of children’s desks & tables are designed to fit almost any type of home or school seating – including our own seats of course!

With most of our children’s desks & tables you can tilt the surface, adjust the height and alter other factors until your table or desk is a perfect fit for your child’s needs.

Our range of desks & tables have been designed to fit in to the school and home environment. The contemporary beauty of wood and the quality of the design enables our desks to stand the test of time.

We have products that are suitable for both stationary and mobile use and our Product Advisors can run through the features with you to make sure you end up with the best possible solution.

Innovation in our design

Special needs equipment is often overly complex, difficult to use and expensive to maintain. At Smirthwaite, we believe in well-made, easy to use products that stand the test of time. Through close consultation with leading therapists, parents and end users, we ensure our designs offer numerous clinical benefits whilst maintaining a customer-centric and innovative approach.

Warranty & servicing

All of our products come with a two year warranty as standard. An inspection, maintenance, service and repair facility for all Smirthwaite products is available to you, for complete peace of mind. This can be scheduled at a time that is convenient for you.

Call our Customer Services team today on **+44 (0)1626 835552** or e-mail **info@smirthwaite.co.uk** to book your service, inspection or repair.

Easy to clean

All of our products are easy to clean. For instance, our wooden chairs have anti-microbial properties that ensure surfaces are kept hygienic. This helps to reduce any risk of cross infection and is especially useful in multi-user environments such as nurseries and schools.

All our upholstery is carefully chosen due to its clever material make up that contains antibacterial agents that help against the spread of MRSA, E coli and other bacteria.

Perfect for school and home

Our range of desks have been designed to fit in to the school and home environment. The contemporary beauty of wood and the quality of the design enables our desks to stand the test of time.

Study Desk

The Study Desk has been cleverly designed to allow your child to take part in various activities. The desk also contains ample storage space, so books and toys can be hidden away after they have been used. The Study Desk can be used with a variety of chairs, particularly the Heathfield and the Brookfield.

Personal Tilt Desk

The Personal Tilt Desk is packed with additional features; the tilt functionality can transform the desk and allow your child to work on a variety of activities. The Personal Tilt Desk features a cut out and is highly adjustable, allowing easy access for a variety of chairs, including wheel chairs.

hi-lo desk

Quick Height Adjusting Desks

Our range of desks have been designed to fit into the school environment with larger sized desk tops for dynamic learning.

Each of the desks have a modern metal mechanism with a turn handle to easily change the height of the table to the desired height, ideal when there are multiple people having use of the table. Each top has a sliding bottom extension to secure pens and papers from sliding off the desk when they are being used in a tilted position.

Our desks can be used with a variety of chairs and can be made to match the colour of our Juni chairs.

juni extras

Juni Table

The Juni table offers two key benefits; the legs are adjustable so your child can work or play at the correct height and the table folds, which allows for easy storage. Available in a variety of colours this is the perfect companion to your favourite Juni chair.

tables

range of tables and designs to suit most needs & requirements

Activity Table

Our Activity Table is an ideal height adjustable table for younger children at nursery, school and home. The steel legs can be adjusted in height to ensure good seating posture of your child and can easily be folded for storage.

Connectability

Our Connect range of rectangular and triangular tables have been designed to encourage good posture when your child is seated. All of the tables are adjustable in height and are extremely functional. They can be arranged into modular groups using rectangular and triangular configurations. Our Connect Tables meet a variety of different classroom needs to ensure an inclusive environment for children.

Laminate colour range

The colours above are available for the hi lo desk and juni tables, apart from the beech laminate.

Beech laminate is available for the study desk, personal tilt desk, connect triangular table, connect rectangular table and the activity table.

Colours are a guide only and may vary due to limitations of the print process. Material samples are available upon request. Colour range may change without prior notice, we try to colour match where possible. Please contact our customer support team for more information.
